Print and cut out each card. Use them while reading the book (teal cards) or after finishing it (orange cards). No right answers — only shared curiosity.

WHILE READING

When you see the purple kitten

What looks strange in this image?

How many odd things can you find?

WHILE READING

When Mom explains what AI is

Do you know any app that creates images?

Have you ever tried something like that?

WHILE READING

When the AI imagines the old man with glasses

How would you imagine a scientist?

And how do you think
the AI would imagine them?

WHILE READING

When the child asks for the giant axolotl

If you could ask the AI to create any image, what would it be?

WHILE READING

When Mom says AI can be tricky

How would you know if an image was made by a person or by AI?

AFTER READING

About the world around us

Do you think there are other things the AI might imagine incorrectly?

AFTER READING

About real and made-up things

If you saw something incredible online, what would you do to know if it's real?

AFTER READING

About the people behind AI

Who do you think teaches the AI?

Could you teach it something?

AFTER READING

About creativity and imagination

What is AI better at than you?
And what are you better at than AI?

AFTER READING

The heart question

If AI were your friend, what would you ask it first?
